

Discovery Oasis

Innovative partnership between Mayo Clinic and ASU

Expanding on the decades-long alliance with Mayo Clinic, ASU has completed the Health Futures Center, a 150,000-square-foot facility that focuses on education, medical technologies, and innovations in healthcare and well-being. Located adjacent to the Mayo Clinic Hospital Phoenix campus, in the area now named Discovery Oasis, Health Futures Center fosters intensified research and clinical expansion and development of innovative clinical approaches to medicine and healthcare. The Mayo Clinic and ASU MedTech Accelerator, biomedical engineering and informatics research labs, nursing programs, and an innovative education zone are all located on-site. The Health Futures Center joins Mayo Clinic's strengths in complex patient care, medical education, and research with ASU's robust engineering, informatics, health solutions and nursing programs. It is a destination for top-quality health care, professional education, industry interaction and large-scale treatment breakthroughs.

The ASU Advantage

Discovery Oasis will provide direct connections with ASU faculty, students and entrepreneurial research-based initiatives from academic programs such as the ASU Edson College of Nursing and Health Innovation, the ASU College of Health Solutions, and the ASU Ira A. Fulton Schools of Engineering, as well as access to a community of companies in technology-driven markets in health care, medical sciences and wellness.

Location. Location. Innovation.

Build-to-suit Class A facilities

150,000-square-foot Health Futures Center recently opened

Wet and dry labs and flexible office space

Adjacent to Mayo Clinic Hospital Phoenix campus

Home to the Mayo Clinic and ASU MedTech Accelerator

World-class medical corridor

Just south of the Loop 101 freeway in North Phoenix, the area is home to two nearby hospitals, including the world-renowned Mayo Clinic, and over a dozen medical facilities. In addition, Discovery Oasis is approximately 40 minutes from Sky Harbor International Airport and 15 minutes from Scottsdale Regional Airport.

Next generation innovation

With a focus on biomedicine, health sciences, medical technologies, computational and big data, Discovery Oasis is home to the cutting-edge alliance between Mayo Clinic and Arizona State University that is redefining health care delivery, medical and health sciences education, research, and innovation. Opportunities abound for joint appointments, research and clinical trials in biostatistics, exercise and kinesiology, nursing simulation, patient engagement, imaging, population health, wearable/integrated telehealth, AI clinical workflow integration and much more.
